## CRUSHING THE Energy Code Training Frequently Asked Questions

#### Are Crushing the Code trainings approved for Continuing Education Credits (CEUs)?

Yes! All students will receive a digital certificate of completion via email within 48 hours of attending the training.

Training	Length	Credits
Crushing the Code NYC: Commercial	8 hours	7 GBCI, AIA & PDH; 0.7 ICC
Crushing the Code NYC: Residential	8 hours	7 GBCI, AIA & PDH; 0.7 ICC
What's New in the 2020 NYC Energy Code	90 minutes	1.5 GBCI, AIA & PDH
Crushing the Code NYS (6 new, short modules)	2 hours	2 GBCI, AIA & PDH; 0.2 ICC

#### How do I report Continuing Education Credits (CEUs)?

- GBCI: non-LEED specific; you can self report using the course number on your certificate of completion
- AIA LU/HSW Hours: Please submit your AIA member number at registration, and our team will report your credits on your behalf. Credits may take 1-2 days to show up on your account after they are reported
- PDH: We are an approved NYSED course provider. You can use your certificate of completion as proof of attendance if audited by the state
- NY Registered Architect, not AIA member: we are an approved NYSED course provider. You can use your certificate of completion as proof of attendance if audited by the state

#### Should I take a Residential or Commercial module?

Our courses follow the energy code's definition of residential vs. commercial. All residential trainings cover one- and two-family detached buildings and low-rise multifamily buildings that are three stories or fewer above grade. All commercial trainings cover buildings greater than three stories.

#### Am I eligible for free registration?

Our energy code trainings are subsidized by NYSERDA. Free registration is available for students and Code Enforcement officials. Please reach out to <u>ecode@urbangreencouncil.org</u>.

#### How can I access the presentation slides?

A link to download the presentation slides via Google Drive is included in a reminder email, which is sent out 24 hours prior to the class start time. Please check your junk/spam folders in your email.

#### Where do I find the Zoom link?

The Zoom registration link is included in a confirmation email upon registering and a reminder email that is sent out 24 hours prior to the class start time. Please check your junk/spam folders in your email.

#### I need a receipt for my employer to reimburse me. How do I get one?

Receipts are sent automatically upon our registering. Can't find it? Email <u>ecode@urbangreencouncil.org</u> and we will be able to send you a copy.

#### I missed my class due to a work emergency. Can I get a refund?

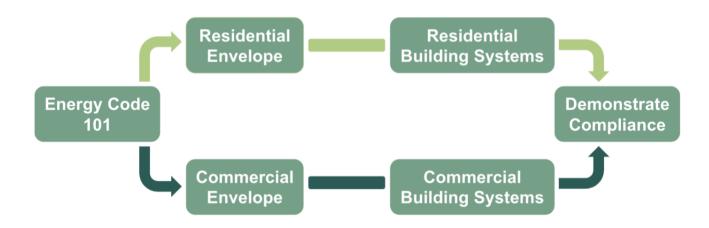

If you are unable to attend or miss your scheduled course date, sign up for a future Energy Code class at no additional cost by emailing <a href="mailto:ecode@urbangreencouncil.org">ecode@urbangreencouncil.org</a>. Requests for refunds must be received at least a week in advance of the course date. Memberships and donations are nonrefundable.

#### How often do you host energy code trainings?

We host each training once a month.

#### Which NYS module(s) should I take?

There are six, new NYS modules that can be taken as standalone trainings or in a series.

### I have taken a Crushing the Code training within the last three years. Should I take it again?

All Crushing the Code trainings are currently based off of the 2020 NYC and NYS energy codes. If you have already taken a NYC training, you cannot receive additional CEUs. The new short form NYS modules include similar content to our previous 8-hour iteration of the Crushing the Code NYS classes, but new CEUs are available.

#### Is energy code modeling or COMcheck and REScheck included in the content?

No, our trainings are not intended for those who want to learn energy modeling or how to use COMcheck or REScheck but will teach you the prescriptive requirements that underlie those programs.
